

Please run a fresh search for 2022 or 2023 Tesla Model Y vehicles within a 140-mile radius of ZIP code 50063 (Dallas Center / Des Moines, IA area).

Include **both** private/individual owners (FSBO) **and** dealership / store-transfer listings.

Filter and show only listings that are rated **Good Deal** or **Great Deal** on major platforms (CarGurus, Cars.com, etc.). Do **not** include Fair Deal or unrated listings.

Prioritize results in this order:

- 1 1 Private / Individual / FSBO (Owner) listings first — give these highest priority and list them separately at the top.
- 2 2 Dealership and store-transfer listings second.

Within each section, further prioritize any listings that mention or match keywords such as:

- • “Paid FSD”, “FSD paid”, or Full Self-Driving transfer
- • “low miles” or very low mileage
- • “Ryz”, RWD, or any other specific terms

Exclude all listings that have already been shown or discussed previously in this thread (unless I say “SAVE”).

For **every** listing you show, provide **complete information** including:

- • Year, trim (Long Range, Performance, etc.)
- • Price and Deal Rating (Good Deal or Great Deal)
- • Mileage
- • Exact location / distance from 50063
- • VIN or Stock number (if available)
- • Exterior / Interior color (if available)
- • Any notes on features, condition, or shipping/transfer fees
- • **Full contact information** for the seller or dealer: name, phone number(s), address, and website (when available)

Organize the results clearly with two main sections:

Private / FSBO Listings (if any)

Dealership Listings

If no qualifying listings are found in either category, state that clearly. Use fresh searches on Cars.com, CarGurus, Craigslist, and other relevant platforms to get the most current results.
